**Owners: ?**

**Location: ?**

### **General Ranch Information:**

\* Re: the Rocky Mountain Railroad Co., started to carry lumber and boxes from Monarch, "The line to Monarch was to follow the South Fork of the Grand River through ranch lands belonging to Messrs. McCreary, Spitzer, King, Lehman, Killie and a school section..."

\* "school section" refers to Knight School, since moved up on side of Table Mountain by Bill Welch. Tim Coulter also lived in it. (The house recently, early 2012, had extensive roof damage; winds blew it off.)
