General Ranch Information:

* The homestead, original buildings, are located 2 miles up Cty Rd 42, on 425 and 4251. The small meadow on the right off 4251 was hayed. The 35 acre parcels, now named, have kept some original buildings: original barn at SK Ranch: past Trail Ridge Ranch, old home and outhouse left of sign for Yokum Ranch.

* Slash J Slash is now subdivided into 35 acre parcels.

* Jim Lynch was caretaker for a time. Still plays music with the Lynch Mob.
April Hilton says his kids are still around.

* Dickeys raised show cattle. They built a long, huge barn to shelter them, but it caved in one winter. George Dickey split it into two barns - probably better for the cattle, as the wind whistled through the big barn, and cattle were often sick. (from Jackie Boyd and Toots Cherrington)
